

- ✓ Your contribution of \$100 sponsors ~~1 child!~~ **2 children!**
- ✓ Your contribution of \$200 sponsors ~~2 children!~~ **4 children!**

Reading and math was very hard but I know if I try, I'll get better at it. Shadow Project helps me want to try.
Sincerely,
Kali

The Shadow Project

If you're thinking about supporting The Shadow Project, this is the perfect time. Here's why:

- When you become a Friend of Shadow **your contribution will be doubled, dollar for dollar**, thanks to a grant from the James F. and Marion L. Miller Foundation.
- As a Friend of Shadow you can sponsor a child for a whole year starting at \$100 (or \$10 a month).
- That means your Friend of Shadow gift goes *twice as far* -- helping *twice as many* local children with disabilities beat the odds and succeed in school.

The Shadow Project partners with special education teachers in 28 Portland-area schools to help close the achievement gap for children with complex challenges such as dyslexia, Attention Deficit Disorder, communication disorders, and autism.

Every year, 1,200 struggling students find new hope through The Shadow Project. Your support turns reluctant readers into book lovers and discouraged learners into confident 'I can!' students.

Want to inspire a struggling child to learn? Why not right now? – Double the impact of your generosity – and [become a Friend of Shadow](#) today!

With heartfelt thanks,

Terry Horley
Board Chair
